

LETTER

Congratulations on the Winter 1999-2000 issue of the *JISHS*. The cover is stunning! I learned much about Chicago area aviation for the article on Chicago aviation, but I was disappointed that the author did not mention the Lansing airport, the Robbins airport or Bessie Coleman. The Lansing Airport dates from 1926 and the Ford Hangar has been awarded National Historic Landmark status. The Robbins Airport is more obscure, but thanks to the work of Tyrone Haymore of the Robbins Historical Society, that legacy is being preserved.

Sincerely,
Dave Bartlett, Park Forest
